STRETCH MARKS

Age 35 - 6 sessions
Courtesy Dr V. Langella

ACNE SCARS

Age 16 - 5 sessions
Courtesy MBE Training Center

Photos are unretouched. Individual results may vary.

The results are visible from the first treatment. Skin appears brighter, firmer and smoother, thanks to the deep hydration provided by the active ingredients. To obtain prolonged benefits, it is necessary to schedule a customised cycle of sessions with the doctor.

What Can It Treat?

- **Chrono aging:**
Restores skin's firmness, smoothness, and glow.
- **Photo-aging:**
Reduces dark spots and evens discoloration.
- **Acne:**
Soothes and calms inflammation.
- **Dyschromia:**
Lightens spots and minimizes uneven skin tone.
- **Scars:**
Softens and smooths scar tissue.
- **Stretch marks:**
Reduces their visibility.

REVYPEEL

Needle-Free Bio-Revitalization
for Radiant Skin

mbe

REVYPEEL® is a groundbreaking medical innovation designed to revitalize your skin effortlessly. This advanced treatment removes superficial dead cells while deeply stimulating and reshaping the dermis without causing irritation.

Its unique, acid-based formulation provides a comprehensive biorevitalization for the face, neck, and décolleté, delivering noticeable results even after the first session.

REVYPEEL provides a complete skin rejuvenation experience. Best of all, it's needle-free, safe, and lets you return to daily activities right away.

Why Choose REVYPEEL?

| |
|---|
| NEEDLE-FREE: Non-invasive and painless. |
| ALL-SEASON TREATMENT: Safe, even in summer * |
| NO AGE LIMIT: Effective for all stages of life. |
| MAXIMUM SAFETY: Scientifically tested. |
| SUITABLE FOR ALL SKIN TYPES * |

(*REVYPEEL LOW)

Suitable for all skin types (phototypes I-VI), REVYPEEL is your year-round solution to healthy, vibrant skin.

MANDELIC ACID

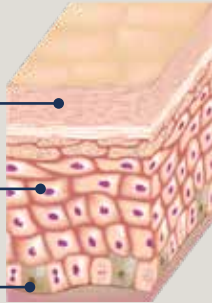

Moisturizing, regenerating, bactericidal, nourishing action.

TRICHLOROACETIC ACID (TCA)

Keratolytic, lightening, bactericidal, stimulating action.

KOJIC ACID

Whitening, exfoliating, moisturizing action.

Key Benefits:

BIO-REVITALIZING: Renews and revitalizes skin.

EXFOLIATING: Smooths and refreshes texture.

LIFTING: Firms and tones for a youthful glow.

BACTERICIDAL: Promotes clear, healthy skin.

GLOWING: Evens tone and boosts radiance.

Treatment Protocol

Pre-peeling solution

1

REVYPEEL Application

2

Neutralizing Gel

3

Post-Peeling Cream

4

The procedure is carried out exclusively by trained medical professionals. Following treatment, skin may appear slightly red, but this effect fades within minutes of pregnant women.

Is REVYPEEL Right for You?

- Safe and comfortable for nearly everyone.
- Not recommended for pregnant women.

HOW MANY SESSIONS?

Your doctor will determine the frequency and intensity of your sessions based on your skin's condition and desired results.
