

Beyond the peel.

Most peels work on the surface.
REVYPEEL® goes further.

It stimulates the dermis, reactivates collagen and elastin, and improves skin structure, tone, and overall quality. It is an advanced, **non-injective bio-revitalization treatment with a lifting effect.**

A precise skin strategy with an immediate natural result.

Progressive, natural, harmonious lifting effect.

With REVYPEEL® the skin appears:

- ✓ firmer
- ✓ brighter
- ✓ more even
- ✓ younger

Without artifice.

BEFORE

AFTER

The skin
is not
transformed.

It is
enhanced.

REVYPEEL®

Absolute precision and comfort

The treatment is performed exclusively by specialized professionals.

- ✓ No needles
- ✓ No pain
- ✓ No downtime
- ✓ Suitable all year round
- ✓ Safe for all skin phototypes

The session lasts only a few minutes.
The skin may show mild redness for a short time.
Then it immediately returns to normal.

The skin revitalizes – intelligently
